

# FibreBright

The ultimate connectivity  
for business

Our ultrafast full-fibre leased lines offer the ultimate gigabit connectivity solution.

Delivering identical upload and download speeds of more than 10Gbps, our fibre leased lines supply a dedicated service, meaning only your business uses it. Typically used to provide enterprise grade internet access or to create a resilient data network into your premises.

Our Fibre Bright leased lines are fully managed and offer 99.9999% availability 24/7/365. This provides the peace of mind that your mission critical tasks are supported, and your connectivity is always on.

## Why FibreBright Vs your current Leased Line provider?

**Easy transfer:** You can switch to us with no disruption in service.

**Fast install:** No waiting around, we can have you up and running in as little as 20 days.

**Already in contract?** No problem. Contract buy-out are options available.

**Price:** As it's our network, we will never be beaten on price.

**Symmetrical:** Identical upload and download speeds (yes, all the way up to 1Gbps).

## Key features

- 6 hours repair SLA.
- Proactively monitored network to fix issues.
- UK-based specialist support team.
- Minimum 24-month contract.
