SAMSUNG A53 5G ENTERPRISE 128GB BLACK

The main bits you need to know

The A53 – four cameras, a million ways to express yourself.

Samsung's A-series smartphones have a reputation for solid performance at a customer-friendly price, the A5x series has fast become one of the company's best-selling phone line-ups to date. The newest edition the A53 is here.

A combination of everything great about the A series, a powerful 64BIT operating system, an impressive 128GB Internal storage supporting 4 rear facing optical image stabilisation cameras. A 64MP Main Camera takes photos and videos that are pin sharp, while the Ultra Wide 12MP Camera fits everything in perfectly.

A battery capacity of 5000 mAh will allow your customers to work for longer, while accessing the best connectivity provided by the 5G network. Water resistant up to 1 meter means your customer can feel safe using the Samsung A53 both inside and out. Buy now on the UK's best network.
